EXPERIENCE

2020 - 2021

Executive
SBI card / India, Bulandshahr

During my time at SBI card as a Sales Executive from February 2020 to January 2021, I gained valuable experience in the banking and finance industry. My primary responsibility was to promote and sell credit cards and other financial products to potential customers. I also worked closely with existing customers to ensure their satisfaction and retention.

- Conducted market research and identified potential leads
- Developed and maintained relationships with clients
- Achieved monthly sales targets consistently
- Provided excellent customer service and support

2023 - 2024

Completed training with Ducat training institute Noida in Web development
Ducat I'd :- 2023/9810

During my time as a Ducat training certificate holder in web development, I gained extensive knowledge and hands-on experience in designing and developing websites using various programming languages. I am proficient in HTML, CSS, JavaScript, and have a strong understanding of web development frameworks such as Bootstrap and React. My training at Ducat has equipped me with the skills needed to create dynamic and user-friendly websites.

Projects

1. E-commerce

I successfully designed and implemented various features for an online shopping platform. This included creating responsive layouts, integrating payment gateways, and optimizing user experience through javascript functionality.

2. my portfolio

During my time as a react developer, I have created portfolio using the react framework. These portfolio showcase my skills in front-end development and demonstrate my ability to create visually appealing and user-friendly
